Open fryers

MODEL **OFE-323** 3-well electric

Three-well split vat open fryer model OFE-323 with **COMPUTRON™ 1000** control

General Information

Henny Penny open fryers offer high-volume frying with programmable operation, oil management functions and fast, easy filtration.

The OFE-323 open fryer is available in full vat and split vat configurations. The split vat choice in a multi-well fryer gives you the flexibility to fry smaller batches of different products in completely separate environments at the same time—a great way to multiply your profits with one fryer.

Henny Penny 320 series open fryers recover temperature very quickly and have earned the ENERGY STAR® mark for energy efficiency. Fast recovery translates into higher throughput, lower energy costs and longer frying oil life.

A built-in filtration system filters and

returns hot frying oil in less than four minutes, with no separate pumps or pans required. Frequent filtering extends frying oil life, improves product quality and reduces oil costs.

The OFE-323 electric open fryer features Henny Penny's heavy-duty stainless steel rectangular fry pot that promotes fast even cooking and comes with a 7-year warranty.

The **COMPUTRON™ 8000** control provides fully automatic, programmable operation, as well as energy-saving, filtration and cook management features.

The **COMPUTRON™ 1000** control offers programmability in a simple, easy to use digital control panel with LED display.

Standard Features

- Stainless steel construction for easy-cleaning and long life.
- 3 heavy-duty stainless steel rectangular fry pots with 7-year warranty.
- **COMPUTRON™ 8000** control (additional charge.)
 - 12 programmable cook cycles
 - Melt mode
 - Idle mode
 - Load compensation

Open fryers

MODEL **OFE-323** 3-well electric

Dimensions

Width 49 3/8 in. (1254 mm)
Depth 37 3/8 in. (949 mm)
Height 44 in. (1118 mm)

Required clearances

Sides: 6 in. (152 mm) air flow
Back: 6 in. (152 mm) air flow, connections
Front: 30 in. (762 mm) filter pan removal

Crated dimensions

Length 55 in. (1397 mm)
Depth 39 in. (991 mm)
Height 54 in. (1372 mm)
Volume 67.0 cu. ft. (1.90 m³)

Net weight N/A

Crated weight: 523 lbs. (237 kg)

Heating

Immersed elements, maximum output: 43.2 kW

Capacity

Vat	Product	Oil
Per full	12.5 lbs. (5.7 kg)	65 lbs. (30.3 l)
Total (3)	37.5 lbs. (17 kg)	195 lbs. (90.9 l)
Per split	6.25 lbs. (2.8 kg)	25 lbs. (11.7 l)
Total (6)	37.5 lbs. (17 kg)	150 lbs. (69.9 l)

Totals will vary with combinations of full and split vats

Laboratory certifications

Electrical

Well	Volts	Phase	Cycle/Hz	Watts (per well)	Amps (per well)	Wire
Full vat	208	3	60	14400	39.9	3+G
	240	3	60	14400	37.2	3+G
	400	3	50-60	14400	20.9	3NG
	480	3	60	14400	17.5	3+G
Split vat	208	3	60	14000	38.9	3+G
	240	3	60	14000	33.7	3+G
	400	3	50-60	14000	20.4	3NG

NOTE: All watts and amps listed are per well. OFE-323 has three wells and requires three electrical connections, one for each well. Power cord and plug must be installed on site by a qualified electrician.

Bidding Specifications

- Provide Henny Penny model OFE-323 three-well electric open fryer, 37.5 lbs. (17 kg) capacity per load and available built-in filtration system (additional charge.)
- Units can be ordered in any combination of full or split vats.
- Units shall incorporate either **COMPUTRON™ 1000** simple digital controls or **COMPUTRON™ 8000** control system (additional charge.)
- Units qualify for the ENERGY STAR® mark.
- Materials—cabinet, deck, exhaust stack, filter drain pan and various fittings are stainless steel. Fry pots are heavy duty stainless steel.
- Immersed fixed heating elements provide for a “cold zone” that extends oil life.
- Unit’s controller provides for programmable or manual operation with press-key controls and LED digital display. **COMPUTRON™ 8000** control offers idle and melt modes, load compensation, filtration tracking and 7-day history.
- Units will include four heavy-duty casters, two locking.
- Units can be ordered with three-well or single well/sequential filter pan.
- Units with filtration system ship with stainless steel **Max** filtration screen and 2 PHT filter envelopes. All units ship with choice of 3 full baskets, 2 full and 1 half baskets, 1 full and 2 half baskets, or 6 half baskets.

Continuing product improvement may subject specifications to change without notice.
