

Compact and easy to use,  
for a creamy,  
soft ice cream

Soft&Go

# Soft&Go

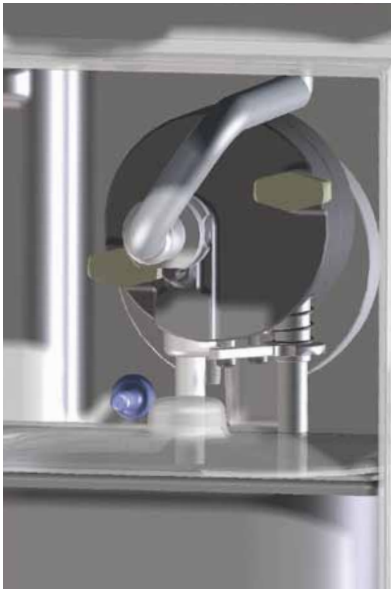

Finally, win over more customers with a compact soft serve ice cream machine.

The Carpigiani Soft&Go is a compact soft serve ice cream machine designed for small spaces. It produces a quality soft and creamy ice cream using all types of mix.

You can serve the ice cream in cones or cups, adding all kinds of sauces, toppings, and fresh fruit.

The Soft&Go fits easily on the back counters of gelato shops, bars, and pastry shops. It's also perfect for kiosks, restaurants, and any other business looking to entice customers with great, fresh ice cream.

## Just 3 simple steps and the soft serve ice cream is ready

# 1

Pour the mix into the removable tray

# 2

start Soft&Go

# 3

... after just a few minutes the ice cream is ready to be served

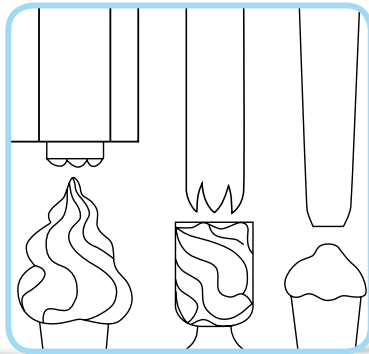

Vertical venting to reduce the machine's footprint

Front cabinet to easily fill the removable tank

High efficiency **steel** beater with double helix and idler.  
**Gear pump** (patented by Carpigiani) or peristaltic pump, to make a top quality ice cream

One nozzle for classic cones.  
Two optional nozzles to fill cups, cannoli, pastries, and other tasty ice cream treats

Fast cleaning because all parts are accessible and easy to remove

Small  
29 x 58 x 87 cm

## 📄 Main Characteristics
