

RANGE COMPOSITION

EVO900: a range designed to guarantee the highest level of performance, reliability, energy saving, safety standards and ergonomic operation. These concepts are reflected throughout the line in its modularity, construction and numerous configurations: countertop (on base or table), free-standing, on concrete or stainless steel plinth, bridged or cantilever. Thanks to its advanced technology and premium performance, EVO900 is a perfect solution for restaurants as well as large institutions needing high power and high productivity. The models detailed in this sheet are 4 gas grills in half and full module version ideal for grilling fish and meats.

EVO900

GAS GRILLS **ZANUSSI**
PROFESSIONAL

FUNCTIONAL AND CONSTRUCTION FEATURES

- ◆ Stainless steel burners with self-stabilizing flame. Each burner has 3 branches and the gas holes are protected by the radiant elements to prevent fats dripping onto them.
- ◆ Each ½ module has a separate control for the burner with a flame failure device.
- ◆ Worktop in 20/10, 304 AISI stainless steel. Front and side panels in 304 AISI stainless steel with Scotch Brite finish.
- ◆ All models have right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- ◆ Cast-iron grids with draining channel for fat and stainless steel splashguard on three sides.
- ◆ The grids are suitable on two sides: the first side, sloped with drainage channels, can be dedicated to very fatty meats and the second side, flat, can be used to cook fish, vegetables or hamburgers.
- ◆ Large pull-out excess fat container. The use of water in those containers permits the fast lowering of the fats temperature thus guaranteeing a genuine cooking; Moreover the evaporation of the water permits to maintain the foods delicate.
- ◆ The special design of the control knobs

and bezels guarantees against water infiltration.

- ◆ Main connections can be via the base of the unit.
- ◆ All models provided with service duct to facilitate installation.
- ◆ All gas appliances are supplied for use with natural gas, with LPG conversion jets supplied as standard.
- ◆ Removable splash-guard in stainless steel covers back and sides of the cooking surface and is dishwasher safe.
- ◆ Scraper for cleaning grids included
- ◆ Feet in stainless steel are adjustable up to 50 mm in height.
- ◆ All models can be installed on cantilever system.
- ◆ IPX5 water protection.
